---

Hello Ron and Allan,

The maintenance agreement should be finalized prior to City approval or permitting of the Storm drain system and not at this stage. All we are looking for is a tentative approval of the proposed alternative so we can prepare the SD plans for your review and approval.

Thank you

Allan, I am not available either day, but I think we need to have a maintenance agreement for the canyon before we can eliminate the 60" drain.

Hi,

Did you mean Friday July 5th? I think in concept we are good and wth the revisions that Selim will make we can eliminate the large drain.

Hi Ron
If set up meeting for next Thursday or Friday do you think you would be able to reach a decision on the 60" storm ? So we know which direction we will go .

Hi Scott,

We have a few comments, but with these changes we are good with the revised letter. Selim has requested a meeting this week to discuss this. I am out of the office, but if there is something that needs to be discussed with Allan or me directly, perhaps Allan can be available this Friday.
